

Student Greenhouse Project

= Discover // Share // Inspire =

Phillip Lamoureux

Director

Why is he a part of the Student Greenhouse Project: His belief in the vision of the Biodome as a life changing nature engagement center has motivated him to pour himself into this project for decades.

Ayokunle Osofisan

President

Year in School: Senior

Major: Biosystems Engineering & Marine Biology

Why is he a part of the Student Greenhouse Project: The Student Greenhouse Project is the perfect joining of my two passions in life: Environmental sustainability and architectural innovation. SGP has given me a creative leadership opportunity to pursue these interests, as well as a strong group of peers and friends who share the same passions.
